

TRIMPHONE

*Trimphone represents a new luxury in telephones.
Easily handled, the sensibly compact styling is the result
of a completely original design which has received a Design
Centre Award from the Council of Industrial Design.*

1 BLUE

2 GREEN

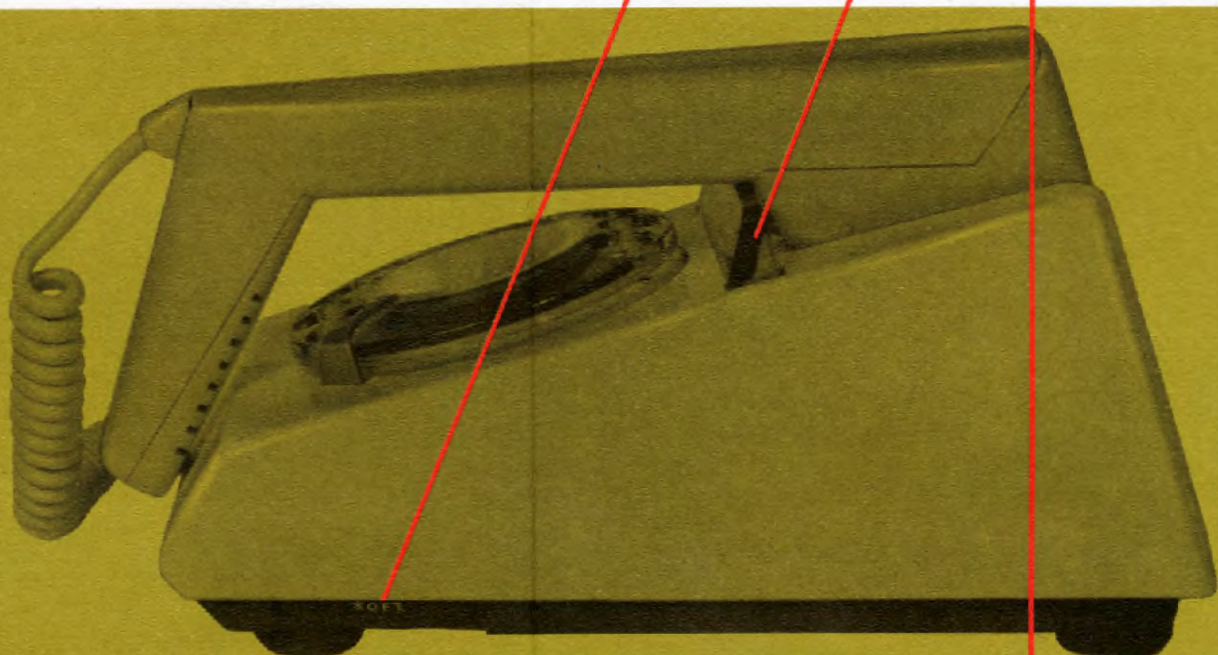

UNIQUE DESIGN The Trimphone is styled on modern clean-cut lines. It is light, elegant, easy to handle and departs from conventional design by having the handset along the length of the instrument.

TONE CALLER A new type of calling signal. Instead of a conventional bell, a tone caller is fitted. This produces a pleasant intermittent warbling note.

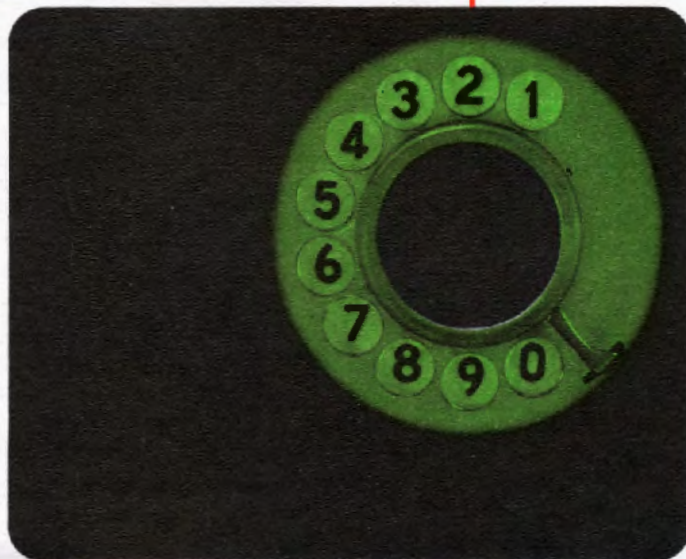

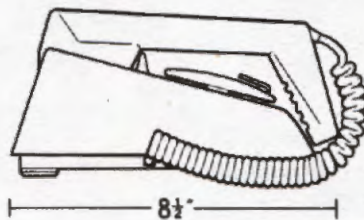

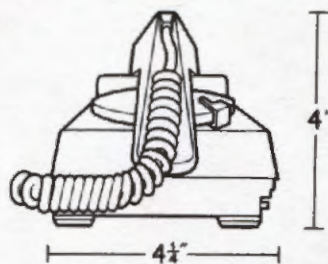

VOLUME CONTROL Set to one side of the telephone, it enables the user to adjust the volume of the tone caller. There are three settings - SOFT - < - and LOUD. The position marked < indicates that the volume of the warbling tone will build up from soft to loud over a period.

CARRYING HANDLE The receiver rest forms a convenient means of carrying the Trimphone.

LUMINOUS DIAL For immediate location in the dark, the figures are illuminated by the glow of the dial plate.

Weight of handset $5\frac{1}{2}$ oz.
Complete weight 2 lbs.

3 GREY

TRIMPHONE

COLOURS Three muted colour combinations have been selected as the most pleasing for the Trimphone – they are – Grey, Blue and Green. In each case a combination of two tones is used with the handset taking the darker tone.

COST An additional rental of 7/- per quarter. If you already have a telephone a single payment charge for changing the instrument may also be payable.

HOW TO GET A TRIMPHONE

Select the colour combination of your choice from those illustrated in this leaflet and get in touch with the Sales Division of your Telephone Manager's office – the address and telephone number are in the preface of your directory.

We can help you on any telephone problem and will be pleased to discuss your own particular needs.

We do our best to supply our customers with the telephones they ask for, but from time to time we may have to provide telephones which do not accord exactly with the descriptions and illustrations in this leaflet.
