

# The © Mickey Mouse

#### Please Note

We do our best to supply our customers with the apparatus they ask for but we may have to provide apparatus which does not accord exactly with the descriptions and illustrations in this leaflet.

From  
**British Telecom**

The Mickey Mouse<sup>®</sup> Telephone by Plessey  
Combines today's technology with one of the  
world's most famous and lovable cartoon characters  
to brighten your calls. This is positively not a toy.

Installed and maintained by British Telecom, this  
make-believe mouse which is manufactured by  
Plessey Telecommunications Ltd., is a real telephone.

Bring a friend into your life and a smile to your  
telephone conversation as you lift the handset from  
Mickey's right arm.

The Mickey Mouse can be used as a main  
telephone, or in most home situations as an extension.

Mickey's distinctive warbling tone can be  
adjusted to suit the location and on telephones other  
than the main, can be switched off, if not required.

Call your local British Telecom Sales Office for  
further details of the Mickey Mouse Telephone.  
The address and telephone number are shown in  
the preface of your Telephone Directory.

For charges see separate leaflet.
